

Carbon Border Mechanism Adjustment (CBAM) Declaration

The vast majority of the components that Fair-Rite supplies **do not contain** Steel or aluminum, and therefore are not subject to the EU Carbon Border Mechanism Adjustment (CBAM). The exception to this is our clip-it line, which are split oval cores that include a stainless steel clip. The parts that contain stainless steel are below.

0331184751

0344184751

0361184751

0375184751

The signature below verifies that the statements above including but not limited to any material composition data, are valid and accurate.
